On April 25, 2024, the terms of the Class A-8 Notes (the “Notes”) issued by SLM Student Loan Trust 2004-10 will be reset from their current terms in a remarketing of those Notes, in accordance with the terms of their indenture and remarketing agreement.

In accordance with their terms, the Notes, which are denominated in a non-U.S. dollar currency, are subject to mandatory tender. This means that, with respect to the April 25, 2024 reset date, all holders of the Notes are deemed to have automatically tendered their Notes for remarketing (which may or may not be successful).

**Attached as Annex I to this notice is a summary of terms of the remarketing of the Notes.**

**NOTICE AND REMINDER**

**If the remarketing agents are unable to remarket some or all of the tendered Notes then a failed remarketing will be declared by the remarketing agents and all holders will retain their Notes even in a mandatory tender situation, as is the case with respect to the Notes and the April 25, 2024 reset date. If a failed remarketing is declared, the related reset period will be fixed at three months and the related interest rate on the Notes will be set at the failed remarketing rate which will be an annual rate equal to three-month EURIBOR plus 0.55%.**
