The Dominican Republic

Offers to Purchase for Cash the Outstanding Bonds Listed Below (the "Offer")

The Dominican Republic (the "Republic," "we," "us" or "our") is offering to purchase for cash from each registered holder or beneficial owner (each, a "Holder" and, collectively, the "Holders") outstanding bonds of the series set forth in the table below (the "Existing Bonds") upon the terms and subject to the conditions set forth in this offer document (this "Offer Document").

The Republic will determine in its sole discretion the maximum amount to be paid by the Republic for the outstanding principal amount of Existing Bonds validly tendered and accepted for purchase by the Republic pursuant to the Offer, not including interest accrued and unpaid thereon (the "Maximum Purchase Price").

The Offer is not conditioned upon any minimum participation of the Existing Bonds, but it is conditioned, among other things, on the concurrent (or earlier) closing of the issuance by the Republic of one or more series of DOP-denominated or U.S. dollar-denominated, New York law-governed debt securities (the "New Notes") in an aggregate principal amount, with pricing and on terms and conditions acceptable to the Republic in its sole discretion (the "New Notes Offering"). The New Notes Offering will be made solely by means of one or more offering memoranda relating to the offering of the New Notes (collectively, the "New Notes Offering Memorandum"), and this Offer Document does not constitute an offer to sell or the solicitation of an offer to buy any New Notes.

The Republic reserves the right, in its sole discretion, not to accept any valid orders to tender Existing Bonds in accordance with the terms and conditions of the Offer ("Tenders"), to modify the fixed price per outstanding DOP1,000 principal amount indicated in the rightmost column in the table below (the "Purchase Price") for the Existing Bonds, or to terminate the Offer for any reason. The Purchase Price and Accrued Interest (as defined herein) of the Existing Bonds will be converted into U.S. dollars at an exchange rate equal to the weighted average of the buy and sell foreign exchange rates for transactions completed on the Dominican business day immediately prior to the Expiration Time (as defined below) by commercial banks and financial institutions in the Dominican Republic, as calculated and published by the Central Bank of the Dominican Republic (*Banco Central de la República Dominicana*), available at the Central Bank's website https://cdn.bancentral.gov.do/documents/estadisticas/mercado-cambiario/documents/TASA_DOLAR_REFERENCIA_MC.xlsx?v=1693434045588 (the "Applicable Exchange Rate"), and paid in U.S. dollars. The Republic intends to announce the Applicable Exchange Rate by press release after the Expiration Time, currently scheduled for Tuesday, September 12, 2023.

The total purchase price for the principal amount of the Existing Bonds validly tendered by a Holder and accepted by the Republic will be an amount in cash equal to the outstanding principal amount of such Existing Bonds, multiplied by the Purchase Price, plus Accrued Interest (the "Total Purchase Price"). If the Total Purchase Price minus Accrued Interest for all validly tendered Existing Bonds (the "Tendered Aggregate Purchase Price") would exceed the Maximum Purchase Price, then the Republic will, in its sole discretion, apply a proration factor to the Tenders. See "The Offer—Maximum Purchase Price; Proration."

<u>Title of Existing Bonds</u>	<u>Outstanding Principal Amount as of the date hereof</u>	<u>ISINs / CUSIP Numbers</u>	<u>Purchase Price (per Outstanding DOP1,000 Principal Amount)⁽¹⁾</u>
9.750% Bonds due 2026	DOP68,023,000,000	USP3579ECD78 / P3579E CD7 (Reg S) US25714PEA21 / 25714P EA2 (144A)	DOP1,020

⁽¹⁾ The Purchase Price and Accrued Interest of the Existing Bonds will be converted into U.S. dollars at the Applicable Exchange Rate and paid in U.S. dollars.

Holders tendering Existing Bonds may obtain a priority allocation code (the "Priority Allocation Code") by contacting either of the Dealer Managers, and should include their Priority Allocation Code in their ATOP or Electronic Acceptance Instruction (in each case, as defined herein). Tendering Holders who wish to subscribe for New Notes should include their Priority Allocation Code when subscribing for New Notes. The Republic will review Tenders received on or prior to the Expiration Time and may give priority to those investors tendering with a Priority Allocation Code in connection with the allocation of New Notes. However, no assurances can be given that any Holder that tenders Existing Bonds will be given an allocation of New Notes at the levels it may subscribe for, or at all.

You should consider the risk factors beginning on page 8 of this Offer Document before you decide whether to participate in the Offer.

THE OFFER COMMENCED ON TUESDAY, SEPTEMBER 5, 2023, AND, UNLESS EXTENDED OR EARLIER TERMINATED, THE OFFER AND WITHDRAWAL RIGHTS WILL EXPIRE AT 8:00 A.M. (NEW YORK CITY TIME) ON TUESDAY, SEPTEMBER 12, 2023 (SUCH TIME AND DATE, AS MAY BE EXTENDED OR EARLIER TERMINATED, THE “EXPIRATION TIME”). SEE “THE OFFER—TENDER PROCEDURES.”

Existing Bonds may be tendered only in the principal amount equal to the Relevant Denomination (as defined herein). **Holders wishing to tender Existing Bonds in excess of the Maximum Denomination (which is DOP999,950,000) should submit two or more instructions, each not exceeding the Maximum Denomination**, and the custodians for such holders are urged to contact the Tender and Information Agent (as defined herein) by email at contact@gbsc-usa.com regarding their submissions. Holders submitting two or more instructions as a result of the Maximum Denomination would have each instruction considered an independent “Tender” for purposes of proration. See “*The Offer—Maximum Purchase Price;—Proration.*”

Tenders for Existing Bonds must be submitted through a direct participant in The Depository Trust Company (“DTC”), Euroclear Bank SA/NV, as operator of the Euroclear System (“Euroclear”), or Clearstream Banking, S.A. (“Clearstream”). Existing Bonds tendered pursuant to the Offer may only be withdrawn in accordance with the procedures specified under “*The Offer—Irrevocability; Withdrawal Rights,*” prior to the Expiration Time, but not thereafter. Existing Bonds validly tendered and accepted for purchase will be settled on the Settlement Date (as defined herein).

You are advised to consult with the broker, dealer, bank, custodian, trust company, or other nominee through which you hold your Existing Bonds as to the deadlines by which such intermediary would require receipt of instructions from you to participate in the Offer in accordance with the terms and conditions of the Offer as described in this Offer Document in order to meet the deadlines set forth above. The deadlines set by Euroclear, Clearstream, DTC or any such intermediary for the submission of Existing Bonds may be earlier than the deadlines specified in this Offer Document.

This Offer Document does not constitute an offer to buy or a solicitation of an offer to sell any securities in any jurisdiction to any person to whom it is unlawful to make such offer or solicitation in such jurisdiction. The Offer is being made only in those jurisdictions where it is legal to do so.

The Dealer Managers for the Offer are:

Any questions regarding the Offer to purchase Existing Bonds may be directed to Global Bondholder Services Corporation, the tender and information agent for the Existing Bonds (the “Tender and Information Agent”), at the telephone numbers provided on the back cover of this Offer Document. Holders may also contact Citigroup Global Markets Inc. (“Citi”) and J.P. Morgan Securities LLC (“J.P. Morgan”) and, together with Citi in such capacity, the “Dealer Managers”) at the respective telephone numbers provided on the back cover of this Offer Document for information concerning the Offer.

Neither the Republic nor the Dealer Managers will pay any commissions or other remuneration to any broker, dealer, salesman or other person for soliciting Tenders of Existing Bonds. Tendering Holders will not be obligated to pay the fees of the Dealer Managers and the Tender and Information Agent; however, such Holders may be required to pay a fee or commission to their broker or intermediary through whom their Existing Bonds are tendered. The Republic will pay or cause to be paid all transfer taxes with respect to the purchase of any Existing Bonds.

The Offer is not conditioned upon any minimum participation by the Holders of Existing Bonds, but is conditioned on the satisfaction or waiver by the Republic of the conditions described under “*The Offer—Conditions to the Offer*,” including the closing of the New Notes Offering. The Republic intends to apply a portion of the net proceeds of the New Notes Offering to purchase any Existing Bonds tendered and accepted in the Offer.

The New Notes will be offered only to qualified institutional buyers in the United States in reliance on Rule 144A (“Rule 144A”) under the U.S. Securities Act of 1933, as amended (the “Securities Act”), and to non-U.S. persons outside the United States in reliance on Regulation S (“Regulation S”) under the Securities Act. Allocations in the New Notes Offering will be determined by the Republic in its sole discretion based on a number of factors, which may include an assessment of an investor’s long-term interest in owning debt securities issued by the Republic, the size and timing of such investor’s indication of interest in purchasing New Notes, and the aggregate principal amount of all Tenders in the Offer. However, the Republic is not obligated to consider participation in the Offer in making an allocation determination with respect to the New Notes with regard to any particular investor.

The Republic is responsible only for the information provided in this Offer Document. Neither the Republic nor the Dealer Managers have authorized anyone else to provide you with different information.

The Republic will cancel the Existing Bonds it acquires following consummation of the Offer. Accordingly, upon completion of the Offer, the aggregate principal amount of the Existing Bonds purchased in the Offer that otherwise might trade in the market will be reduced, which could adversely affect the liquidity and market value of the remaining Existing Bonds that are not purchased in the Offer.

None of the Republic, the Dealer Managers or the Tender and Information Agent makes any recommendation in connection with the Offer. None of the Republic, the Dealer Managers or the Tender and Information Agent has expressed any opinion as to whether the terms of the Offer is fair. You must make your own decision as to whether to tender Existing Bonds or refrain from doing so, and, if so, the principal amount of Existing Bonds to tender.

The Republic may, at its sole discretion, extend, re-open, amend or waive any condition of or terminate the Offer at any time. In the event the Offer is withdrawn or otherwise not completed, or the conditions thereto are not satisfied or waived by the Republic, the Total Purchase Price will not be paid or become payable to Holders who have validly tendered their Existing Bonds in connection with such Offer and the relevant Existing Bonds will be returned to the tendering Holder.

You must comply with all laws that apply to you in any place in which you possess this Offer Document. You must also obtain any consents or approvals you need in order to accept this Offer and submit your Tender. Important Information for Tendering Existing Bonds

Beneficial owners whose Existing Bonds are registered in the name of a broker, dealer, commercial bank, trust company or other nominee must contact such broker, dealer, commercial bank, trust company or other nominee if they wish to tender Existing Bonds. **Beneficial owners should be aware that their broker, dealer, commercial bank, trust company or other nominee may establish its own earlier deadline for participation in the Offer. Accordingly, beneficial owners wishing to participate in the Offer should contact their broker, dealer, commercial bank, trust company or other nominee as soon as possible in order to determine the time by which such owner must take action in order to so participate.** See “*The Offer—Tender Procedures.*”

Holders wishing to tender Existing Bonds pursuant to the Offer should transmit an Agent’s Message (as defined herein) together with the confirmation of the transfer of such Existing Bonds into the account of the Tender and Information Agent with DTC pursuant to the procedures for book-entry transfer set forth herein. The Republic expects that DTC will authorize participants that hold Existing Bonds on behalf of beneficial owners of Existing Bonds through DTC to tender their Existing Bonds as if they were Holders. To effect a Tender, DTC participants may transmit their acceptance to DTC through the DTC Automated Tender Offer Program (“ATOP”), for which the Offer will be eligible, and follow the procedures for book-entry transfer set forth in “*The Offer—Tender Procedures.*”

A beneficial owner who holds Existing Bonds through Euroclear or Clearstream and wishes to tender its Existing Bonds must arrange for a direct participant in Euroclear or Clearstream to deliver a valid electronic acceptance instruction (an “Electronic Acceptance Instruction”), which includes the proper instructions, to Euroclear or Clearstream, as applicable. Only a direct participant in Euroclear or Clearstream may submit an Electronic Acceptance Instruction to Euroclear or Clearstream. See “*The Offer—Tender Procedures.*”

The Republic has not provided any guaranteed delivery provisions in connection with the Offer. You must tender your Existing Bonds in accordance with the procedures set forth in “*The Offer—Tender Procedures.*”

Jurisdiction; Enforcement of Judgments

The Republic is a sovereign state. Consequently, it may be difficult for you or a trustee to obtain or enforce judgments of courts in the United States or elsewhere against the Republic with respect to actions brought against it under U.S. federal securities laws or any state securities laws.

The Republic has not consented to service or waived sovereign immunity with respect to actions brought against it under U.S. federal securities laws or any state securities laws. In the absence of a waiver of immunity by the Republic with respect to such actions, it would not be possible to obtain a judgment in such an action brought in a U.S. court against the Republic unless such court were to determine that the Republic is not entitled under the U.S. Foreign Sovereign Immunities Act of 1976 to sovereign immunity with respect to such action. Further, even if a U.S. judgment could be obtained in any such action under the U.S. Foreign Sovereign Immunities Act of 1976, it may not be possible to enforce in the Republic a judgment based on such a U.S. judgment. Execution upon property of the Republic located in the United States to enforce a U.S. judgment may not be possible except under the limited circumstances specified in the U.S. Foreign Sovereign Immunities Act of 1976.

Forward-Looking Statements

This Offer Document contains “forward-looking statements” within the meaning of Section 27A of the Securities Act and Section 21E of the U.S. Securities Exchange Act of 1934, as amended. All statements other than statements of historical facts included in this Offer Document are forward-looking statements. Such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Republic, to be materially different from any future results or performance expressed or implied by such forward-looking statements. These statements are based on current plans, estimates and projections, and, accordingly, you should not place undue reliance on them. These statements are based on certain assumptions and analyses the Republic has made in light of its experience and perception of historical trends, current conditions and expected future developments, as well as other factors believed to be appropriate in the circumstances. The Republic cautions you that a number of important factors could cause actual results and developments to differ materially from those contained in any forward-looking statement. Forward-looking statements speak only as of the date they are made. The Republic undertakes no obligation to update any of these statements in light of new information or future events. The information contained in this Offer Document identifies important factors that could cause such differences.

The Offer is being made only in those jurisdictions where it is legal to do so. The Offer is void in all jurisdictions where it is prohibited. If materials relating to the Offer come into your possession, you are required to inform yourself of and to observe all of these restrictions. Each person accepting the Offer shall be deemed to have represented, warranted and agreed (in respect of itself and any person for whom it is acting) that it is not a person to whom it is unlawful to make the Offer pursuant to this Offer Document, it has not distributed or forwarded this Offer Document or any other documents or materials relating to the Offer to any such person, and that it has complied with all laws and regulations applicable to it for purposes of participating in the Offer. Neither the Republic nor the Dealer Managers accepts any responsibility for any violation by any person of the restrictions applicable in any jurisdiction.

The materials relating to the Offer do not constitute, and may not be used in connection with, an offer or solicitation in any place where offers or solicitations are not permitted by law. SUMMARY

This summary highlights information contained elsewhere in this Offer Document. It is not complete and may not contain all the information that you should consider before tendering Existing Bonds. You should read the entire Offer Document. Capitalized terms not otherwise defined in this summary have the meanings assigned to them elsewhere in this Offer Document.

Purchaser	The Dominican Republic.
The Offer	The Republic is offering to purchase for cash the Existing Bonds upon the terms and subject to the conditions set forth in this Offer Document. The Republic will determine in its sole discretion the Maximum Purchase Price to be paid for Existing Bonds to be purchased in the Offer. In addition, the Republic reserves the right, in its sole discretion, to modify the Purchase Price for the Existing Bonds, or to terminate the Offer for any reason. The Offer is made subject to the terms and conditions set forth in this Offer Document, including the concurrent (or earlier) closing of the New Notes Offering in an aggregate principal amount, with pricing and on terms and conditions acceptable to the Republic. The Offer is not conditioned upon any minimum participation of the Existing Bonds. For a more detailed discussion, see “<i>The Offer</i>.”
Maximum Purchase Price.....	The Maximum Purchase Price will be an amount to be paid by the Republic for the outstanding principal amount of Existing Bonds validly tendered and accepted for purchase by the Republic pursuant to the Offer, not including Accrued Interest. The Maximum Purchase Price will be determined by the Republic in its sole discretion.
Proration	If the Tendered Aggregate Purchase Price would exceed the Maximum Purchase Price, then the Republic will, in its sole discretion, apply a proration factor to the Tenders, so that the Tendered Aggregate Purchase Price accepted by the Republic equals or does not exceed the Maximum Purchase Price. These proration procedures are subject to the Republic’s right in its sole discretion not to accept any or certain Tenders for any reason. Existing Bonds accepted for purchase will be determined by multiplying each Holder’s Tender by the proration factor, and rounding the product down to the nearest DOP50,000 principal amount. Holders submitting two or more instructions as a result of the Maximum Denomination would have each instruction considered an independent “Tender” for purposes of proration. All Existing Bonds validly tendered but not accepted as a result of proration or otherwise will be rejected and returned to Holders through the applicable clearing system. However, if the principal amount of Existing Bonds that are not accepted and are returned to a Holder as a result of proration would result in less than the Minimum Denomination (as defined herein) being returned to such Holder, the Republic will either accept or reject all of such Holder’s validly tendered Existing Bonds.

See “*The Offer—Maximum Purchase Price; Proration*.”

Source of Funds	The Republic expects to fund the purchase of the Existing Bonds using a portion of the net proceeds from the sale of the New Notes in the New Notes Offering. The Offer is subject to a number of conditions, including that the Republic concurrently (or earlier) consummate the New Notes Offering, in an aggregate principal amount, with pricing and on terms and conditions acceptable to the Republic in its sole discretion. The New Notes Offering will be made solely by means of the New Notes Offering Memorandum, and this Offer Document does not constitute an offer to sell or the solicitation of an order to buy the New Notes. You may not participate in the New Notes Offering unless you have received and reviewed the New Notes Offering Memorandum, and not in reliance on, or on the basis of, this Offer Document. The New Notes will be offered only to qualified institutional buyers in the United States in reliance on Rule 144A and outside the United States in reliance on Regulation S under the Securities Act, and will not be registered under the Securities Act or the securities laws of any other jurisdiction.
Total Purchase Price	Upon the terms and subject to the conditions set forth in this Offer Document, Holders who validly tender Existing Bonds at or prior to the Expiration Time and whose Existing Bonds are accepted for purchase by us, will receive the Total Purchase Price for such Existing Bonds. The Total Purchase Price for the principal amount of the Existing Bonds validly tendered by a Holder and accepted by the Republic will be an amount in cash equal to the outstanding principal amount of such Existing Bonds, multiplied by the Purchase Price, plus Accrued Interest. The Total Purchase Price shall be converted into U.S. dollars the Applicable Exchange Rate and paid in U.S. dollars. The Purchase Price applicable to the Existing Bonds is specified in the table on the cover page. After being converted into U.S. dollars, the Total Purchase Price for any Existing Bonds purchased by the Republic in the Offer will be rounded to the nearest US\$0.01.
Accrued Interest	Holders whose Existing Bonds are accepted for purchase by the Republic will receive accrued and unpaid interest with respect to their tendered Existing Bonds from, and including, the last applicable interest payment date for such Existing Bonds to, but excluding, the Settlement Date (“<u>Accrued Interest</u>”). The amount of Accrued Interest for the Existing Bonds is included in the Total Purchase Price.
Tender Period	The Offer commenced on Tuesday, September 5, 2023, and unless extended or earlier terminated by the Republic in its sole discretion, the Offer and withdrawal rights will expire at 8:00 a.m. (New York City time) on Tuesday, September 12, 2023.

Submitting Tenders..... Tenders for Existing Bonds must be submitted through DTC, Euroclear or Clearstream.

Tenders must be submitted in the Relevant Denomination (as defined herein). Failure to deliver your Existing Bonds on a timely basis may result in the cancellation of your Tender.

If you are a beneficial owner whose Existing Bonds are held by a broker, dealer, commercial bank, trust company or other nominee (each, a “Nominee”) and you wish to tender the Existing Bonds in the Offer, you must contact your Nominee and instruct such Nominee, as holder of the Existing Bonds, to tender the Existing Bonds on your behalf.

Accordingly, beneficial owners wishing to participate in the Offer are advised to contact their Nominee as soon as possible in order to determine the deadlines by which such Nominee would require receipt of instructions from you to participate in the Offer in accordance with the terms and conditions of the Offer described in this Offer Document in order to meet the deadlines set forth in this Offer Document. The deadlines set by DTC, Euroclear, Clearstream or any such intermediary for the submission of tenders of Existing Bonds may be earlier than the relevant deadlines specified in this Offer Document. See “*The Offer—Tender Procedures.*”

Priority Allocation Code..... Holders tendering Existing Bonds may obtain a Priority Allocation Code by contacting either of the Dealer Managers, and should include their Priority Allocation Code in their ATOP or Electronic Acceptance Instruction.

Tendering Holders who wish to subscribe for New Notes should include their Priority Allocation Code when subscribing for New Notes in the New Notes Offering. A Priority Allocation Code is not required for a Holder to tender its Existing Bonds, but if a tendering Holder wishes to subscribe for New Notes, such Holder should obtain and quote a Priority Allocation Code in its firm bid submitted at the time the Republic markets the New Notes.

Irrevocability; Withdrawal Rights..... The Offer will become irrevocable upon the Expiration Time. However, the Offer may be withdrawn or revised prior to the Expiration Time in accordance with the procedures described under “*The Offer—Irrevocability; Withdrawal Rights.*”

Announcement of Applicable Exchange Rate; Announcement of Results; Announcement of Accepted Tenders.....

At or about 9:00 a.m. (New York City time) on Tuesday, September 12, 2023, subject to change without notice, the Republic expects to announce (i) the aggregate principal amount of Tenders of the Existing Bonds that have been received on or prior to the Expiration Time and (ii) the Applicable Exchange Rate.

In addition, at or about 5:00 p.m. (New York City time) on Tuesday, September 12, 2023, after the Expiration Time, subject to change without notice, the Republic expects to announce (i) the Maximum Purchase Price; (ii) the Tendered Aggregate Purchase Price; (iii) the aggregate principal amount of Tenders of the Existing Bonds that have been accepted; and (iv) any proration of

Tenders of the Existing Bonds. Such announcement may be conditioned on the consummation of the New Notes Offering, in an aggregate principal amount, with pricing and on terms and conditions acceptable to the Republic in its sole discretion.

Acceptance of Tenders

The Republic will accept for purchase valid tenders of Existing Bonds in such principal amounts as the Republic shall determine (subject to the terms and conditions of the Offer, including potential proration of the Existing Bonds). **Tenders that are accepted will be settled by the Republic on the Settlement Date, subject to the terms and conditions of the Offer.** The Republic reserves the right, in its sole discretion, not to accept any Tenders for any reason.

Relevant Denomination.....

Existing Bonds may be tendered only in the principal amount equal to the minimum authorized denomination of DOP8,000,000 and in integral multiples of DOP50,000 in excess thereof (the “Minimum Denomination”) and not in excess of the maximum authorized denomination of DOP999,950,000 (the “Maximum Denomination” and, together with the Minimum Denomination, the “Relevant Denomination”). **Holders wishing to tender Existing Bonds in excess of the Maximum Denomination should submit two or more instructions, each not exceeding the Maximum Denomination,** and the custodians for such holders are urged to contact the Tender and Information Agent by email at contact@gbsc-usa.com regarding their submissions. Holders submitting two or more instructions as a result of the Maximum Denomination would have each instruction considered an independent “Tender” for purposes of proration. See “*The Offer—Maximum Purchase Price; Proration.*”

Holders who tender less than all of their Existing Bonds must continue to hold Existing Bonds in at least the Minimum Denomination of DOP8,000,000 principal amount.

Holders who submit Tenders in excess of the Maximum Denomination may have their Tenders rejected automatically in whole and not be taken into consideration in the Offer.

Settlement.....

Subject to the concurrent (or earlier) closing of the New Notes Offering and the other conditions set forth herein, the Republic will purchase validly tendered and accepted Existing Bonds in such amounts as previously announced by the Republic.

Settlement of Tenders of Existing Bonds will be in U.S. dollars.

Liquidity.....

Following settlement of the Offer, the Existing Bonds purchased by the Republic in the Offer will have reduced liquidity, which may adversely affect the trading price of the Existing Bonds.

Conditions to the Offer

The Republic reserves the right, in its sole discretion, not to accept any Tenders for any reason. The Offer is conditioned upon the concurrent (or earlier) closing of the New Notes Offering, including in an aggregate principal amount, with pricing and on terms and conditions acceptable to the Republic. In addition, notwithstanding any other provisions of the Offer, the Offer is conditioned upon there not having been threatened, instituted or pending any action or proceeding before any court or governmental, regulatory or administrative body that (1) makes or

seeks to make illegal the purchase of Existing Bonds pursuant to such Offer; (2) would or might result in a delay in, or restrict, the ability of the Republic to purchase the Existing Bonds or issue the New Notes; or (3) imposes or seeks to impose limitations on the ability of the Republic to issue and/or price the New Notes in an aggregate principal amount, with pricing and on terms and conditions acceptable to the Republic. Each of the foregoing conditions is for the sole benefit of the Republic and may only be satisfied or waived by the Republic, in whole or in part, at any time and from time to time, in its sole discretion. Any determination by the Republic concerning the conditions set forth above (including whether or not any such condition has been satisfied or waived, except as in the case of the termination of the dealer manager agreement relating to the Offer) will be final and binding upon all parties.

**Certain Deemed Representations,
Warranties and Undertakings.....**

If you tender Existing Bonds in the Offer, you will be deemed to have made certain acknowledgments, representations, warranties and undertakings to the Republic, the Dealer Managers and the Tender and Information Agent. See “*Holders’ Representations, Warranties and Undertakings.*”

Taxation

See “*Taxation*” for important information regarding the possible tax consequences to holders who tender Existing Bonds. You are also urged to consult your own professional advisors regarding the possible tax consequences under the laws of jurisdictions that apply to you or to the tender of your Existing Bonds.

Jurisdictions

The Offer is being made only in those jurisdictions where it is legal to do so.

Risk Factors

The Offer involves material risks. See “*Risk Factors.*”

Announcements

The Republic will make (or cause to be made) all announcements regarding the Offer by press release issued to news media in accordance with applicable law and by an announcement on the website of the Luxembourg Stock Exchange and on the Offers Website. See “*The Offer—Communications.*”

Offers Website

The website <https://www.gbsc-usa.com/dominican/> is operated by the Tender and Information Agent for the purpose of the Offer.

RISK FACTORS

In deciding whether to participate in the Offer, each Holder should consider carefully, in addition to the other information contained in this Offer Document, the following:

Limited Trading Market; Increased Volatility. To the extent that Existing Bonds are purchased by the Republic pursuant to the Offer, the trading markets for the Existing Bonds that remain outstanding will become more limited. A debt security with a smaller outstanding principal amount available for trading (a smaller “float”) may command a lower price than would a comparable debt security with a greater float. Therefore, the market price for Existing Bonds not purchased may be affected adversely to the extent the amount of Existing Bonds purchased by the Republic reduces the float of the Existing Bonds. On the other hand, if the Republic’s purchase of the Existing Bonds is viewed by the market as significant positive news due to its potential beneficial impact on the Republic’s debt maturity profile, the price of the Existing Bonds could rise following completion of the Offer to a level greater than the Purchase Price. The reduced float may also make the trading price of the Existing Bonds more volatile. The extent of the public market for the Existing Bonds following consummation of the Offer will depend upon the number of Holders that remain at such time, the interest in maintaining markets in the Existing Bonds on the part of securities firms and other factors. There can be no assurance that any trading market will exist for the Existing Bonds following the Offer.

Other Purchases or Redemption of Existing Bonds. Whether or not the Offer is consummated, the Republic may acquire, from time to time following completion or cancellation of the Offer, Existing Bonds other than pursuant to the Offer, including through open market purchases, privately negotiated transactions, Offer, exchange offers or otherwise (and may redeem or defease the Existing Bonds in accordance with the terms and conditions of the Existing Bonds), upon such terms and at such prices as they may determine, which may be more or less than the prices to be paid pursuant to the Offer and could be for cash or other consideration. The effect of any of these actions may directly or indirectly affect the price of any Existing Bonds that remain outstanding after the consummation of the Offer.

Enforcement of Civil Liabilities. The Republic is a sovereign entity. Consequently, it may be difficult for you or a trustee to obtain or enforce judgments of courts in New York or elsewhere against the Republic. See “*Certain Offer Matters—Jurisdiction; Enforcement of Judgments.*”

Holders are Responsible for Complying with the Procedures of the Offer. In order to be eligible to receive the Total Purchase Price for your Existing Bonds, you will need to properly deliver such Existing Bonds through the applicable clearing system (DTC, Euroclear or Clearstream) in accordance with the procedures and in the timeframe provided in this Offer Document. If you hold Existing Bonds through a broker, it is your responsibility to ensure that your broker is aware of the times by which such clearing systems must receive your Existing Bonds and the clearing systems’ restrictions. Failure to deliver Existing Bonds on a timely basis may result in the cancellation of your tender. See “*The Offer—Tender Procedures.*”

Tenders of the Existing Bonds, or Portions Thereof May be Rejected due to Proration. Tenders of the Existing Bonds may be subject to proration, on the basis described under “*The Offer—Maximum Purchase Price; Proration.*” If the Tendered Aggregate Purchase Price would exceed the Maximum Purchase Price, then the Republic will, in its sole discretion, apply a proration factor to the Tenders, so that the Tendered Aggregate Purchase Price accepted by the Republic equals or does not exceed the Maximum Purchase Price. Accordingly, Tenders of Existing Bonds may be rejected in whole or in part as a result of proration. In addition, given that the proration factor will be applied to each individual Tender, any Holder submitting two or more Tenders (in order not to exceed the Maximum Denomination) may have less Existing Bonds accepted than if such Holder was able to submit one Tender in excess of the Maximum Denomination.

The Offer May be Amended, Terminated or Delayed. The Offer is subject to the satisfaction of certain conditions, including the concurrent (or earlier) closing of the New Notes Offering, in an amount, with pricing, maturity and on terms and conditions acceptable to the Republic. There can be no assurance that such conditions will be met with respect to the Offer. See “*The Offer—Conditions to the Offer.*” Subject to applicable law and limitations described elsewhere in this Offer Document, the Republic may, in its sole discretion, extend, amend, waive any condition of or, upon failure of any condition described herein to be satisfied or waived, terminate the Offer at any time at or prior to the Expiration Time. The Republic also reserves the right, in its sole discretion, subject to applicable law, to terminate the Offer at any time at or prior to the Expiration Time. Accordingly, the Offer may not be completed or, if completed, it may not be completed on the schedule described in this Offer Document, and Holders participating

in the Offer may have to wait longer than expected to receive their consideration, during which time such Holders will not be able to effect transfers of their Existing Bonds tendered in the Offer.

There are limits on your ability to withdraw tendered Existing Bonds. Tendered Existing Bonds may be withdrawn at any time at or prior to the Withdrawal Deadline, but not thereafter. Holders who tender their Existing Bonds after the Withdrawal Deadline may not withdraw their tendered Existing Bonds.

Reinvestment Risk. Allocations in the New Notes Offering will be determined by the Republic in its sole discretion based on a number of factors, which may include an assessment of an investor's long-term interest in owning debt securities issued by the Republic, the size and timing of such investor's indication of interest in purchasing New Notes, and the aggregate principal amount of all Tenders in the Offer. The Republic is not obligated to consider participation in the Offer in making an allocation determination with respect to the New Notes with regard to any particular investor. If you tender Existing Bonds in the Offer and submit an Allocation Priority Code expecting to receive New Notes, and, for any reason, you are not given an allocation of New Notes at the levels you subscribed for, or at all, your Tenders may still be accepted by the Republic. In such case, you may not be able to reinvest such cash at a comparable return for a similar level of risk.

THE OFFER

Introduction

The Republic is offering to purchase for cash the Existing Bonds up to the Maximum Purchase Price, upon the terms and subject to the conditions set forth in this Offer Document. The Republic will determine in its sole discretion the Maximum Purchase Price to be paid for Existing Bonds to be purchased in the Offer. In addition, the Republic reserves the right, in its sole discretion, to modify the Purchase Price for the Existing Bonds, or to terminate the Offer for any reason.

Such purchases will be made in exchange for the Total Purchase Price, subject to the Maximum Purchase Price and proration procedures described herein. Under no circumstances will any interest be payable because of any delay in the transmission of funds to Holders by the Tender and Information Agent, DTC, Euroclear or Clearstream.

Existing Bonds may be subject to proration if the Tendered Aggregate Purchase Price would cause the Maximum Purchase Price to be exceeded. For a description of the proration procedures, see “*The Offer—Maximum Purchase Price; Proration.*”

The Offer is made subject to the terms and conditions set forth in this Offer Document, including the concurrent (or earlier) closing of the New Notes Offering in an aggregate principal amount, with pricing and on terms and conditions acceptable to the Republic. See “*—Conditions to the Offer.*” The Offer is not conditioned upon any minimum participation of Existing Bonds.

The Offer commenced on Tuesday, September 5, 2023 and, unless extended by the Republic, the Offer and withdrawal rights will expire at 8:00 a.m. (New York City time) on Tuesday, September 12, 2023. No tenders will be valid if submitted after the Expiration Time. If a broker, dealer, commercial bank, trust company or other nominee holds your Existing Bonds, such nominee may have an earlier deadline for accepting the Offer. You should promptly contact the broker, dealer, commercial bank, trust company or other nominee that holds your Existing Bonds to determine its deadline. The Offer is open to all registered Holders of the Existing Bonds.

Source of Funds

The Republic expects to fund the purchase of the Existing Bonds using a portion of the net proceeds from the sale of the New Notes in the New Notes Offering. The Offer is subject to a number of conditions, including that the Republic concurrently (or earlier) consummate the New Notes Offering, in an aggregate principal amount, with pricing and on terms and conditions acceptable to the Republic in its sole discretion.

The New Notes Offering will be made solely by means of the New Notes Offering Memorandum, and this Offer Document does not constitute an offer to sell or the solicitation of an order to buy the New Notes. You may not participate in the New Notes Offering unless you have received and reviewed the New Notes Offering Memorandum, and not in reliance on, or on the basis of, this Offer Document. The New Notes will be offered only to qualified institutional buyers in the United States in reliance on Rule 144A and outside the United States in reliance on Regulation S under the Securities Act, and will not be registered under the Securities Act or the securities laws of any other jurisdiction.

Total Purchase Price

Upon the terms and subject to the conditions set forth in this Offer Document, Holders who validly tender Existing Bonds at or prior to the Expiration Time and whose Existing Bonds are accepted for purchase by us, will receive the Total Purchase Price for such Existing Bonds.

The Total Purchase Price for the principal amount of the Existing Bonds validly tendered by a Holder and accepted by the Republic will be an amount in cash equal to the outstanding principal amount of such Existing Bonds, multiplied by the Purchase Price for such Existing Bonds, plus Accrued Interest. The Total Purchase Price shall be converted into U.S. dollars at Applicable Exchange Rate and paid in U.S. dollars. The Purchase Price applicable to the Existing Bonds is specified in the table on the cover page.

After being converted into U.S. dollars, the Total Purchase Price for any Existing Bonds purchased by the Republic in the Offer will be rounded to the nearest US\$0.01.

In the event of any dispute or controversy regarding any amount of the Total Purchase Price for each Existing Bond accepted pursuant to the Offer, the determination of the Republic will be conclusive and binding, absent manifest error.

Accrued Interest

Holders whose Existing Bonds are accepted for purchase by the Republic will receive Accrued Interest corresponding to the Existing Bonds. The amount of Accrued Interest for the Existing Bonds is included in the Total Purchase Price.

Under no circumstances will any interest be payable because of any delay in the transmission of funds to Holders by the Tender and Information Agent, DTC, Euroclear or Clearstream.

Announcement of Applicable Exchange Rate; Announcement of Results; Announcement of Accepted Tenders

At or about 9:00 a.m. (New York City time) on Tuesday, September 12, 2023, subject to change without notice, the Republic expects to announce (i) the aggregate principal amount of Tenders of the Existing Bonds that have been received on or prior to the Expiration Time and (ii) the Applicable Exchange Rate.

In addition, at or about 5:00 p.m. (New York City time) on Tuesday, September 12, 2023, subject to change without notice, the Republic expects to announce (i) the Maximum Purchase Price; (ii) the Tendered Aggregate Purchase Price, (iii) the aggregate principal amount of Tenders of the Existing Bonds that have been accepted; and (iv) any proration of Tenders of the Existing Bonds. Such announcement may be conditioned on the consummation of the New Notes Offering, in an aggregate principal amount, with pricing and on terms and conditions acceptable to the Republic in its sole discretion.

The Republic will make (or cause to be made) all announcements regarding the Offer by press release issued to news media in accordance with applicable law and by an announcement on the website of the Luxembourg Stock Exchange and on the Offers Website.

No Recommendation

NONE OF THE REPUBLIC, THE DEALER MANAGERS OR THE TENDER AND INFORMATION AGENT MAKES ANY RECOMMENDATION THAT ANY HOLDER TENDER OR REFRAIN FROM TENDERING ALL OR ANY PORTION OF THE PRINCIPAL AMOUNT OF SUCH HOLDER'S EXISTING BONDS, AND NO ONE HAS BEEN AUTHORIZED BY ANY OF THEM TO MAKE SUCH A RECOMMENDATION. HOLDERS MUST MAKE THEIR OWN DECISIONS WHETHER TO TENDER EXISTING BONDS INTO THE OFFER, AND, IF SO, THE PRINCIPAL AMOUNT OF EXISTING BONDS TO TENDER.

This Offer Document is not an offer to sell or a solicitation of an offer to buy the New Notes.

Any investment decision to purchase any New Notes should be made solely on the basis of the information contained in the New Notes Offering Memorandum to be prepared in connection with the issue and offering of the New Notes, and no reliance is to be placed on any information other than that contained in the New Notes Offering Memorandum. Subject to compliance with all applicable securities laws and regulations, the New Notes Offering Memorandum will be available from the joint bookrunners for the New Notes Offering on request.

The New Notes will not be registered under the Securities Act or the securities laws of any jurisdiction. Accordingly, the New Notes will be offered and sold only to qualified institutional buyers as defined in and in accordance with Rule 144A and outside the United States in accordance with Regulation S.

Duration of the Offer; Amendments

The Offer commenced on Tuesday, September 5, 2023, and unless extended or earlier terminated by the Republic in its sole discretion, the Offer and withdrawal rights will expire at 8:00 a.m. (New York City time) on Tuesday, September 12, 2023.

If the Offer is extended or earlier terminated, the term “Expiration Time” shall mean the time and date on which the affected Offer, as so extended or earlier terminated, shall expire.

Subject to applicable law, the Republic expressly reserves the right, in its sole discretion, to:

- modify the Maximum Purchase Price;
- extend or change the period of time during which the Offer shall remain open at any time and from time to time by giving oral or written notice of such extension or change to the Dealer Managers and the Tender and Information Agent;
- increase or decrease the Total Purchase Price the Existing Bonds;
- prospectively terminate or withdraw the Offer at any time and return any tendered Existing Bonds;
- waive all unsatisfied conditions and accept for payment and purchase all Existing Bonds that are validly tendered at or prior to the Expiration Time;
- extend the Offer and retain the Existing Bonds that have been tendered during the period for which the Offer is extended; or
- amend the terms of the Offer in any other respect.

There can be no assurance that the Republic will exercise its right to extend, terminate or amend the Offer. The terms of any extension or an amendment of the terms or conditions of the Offer may vary from the original terms of such Offer depending on such factors as prevailing interest rates and the principal amount of Existing Bonds previously tendered or otherwise purchased.

The failure by the Republic at any time to exercise any of the foregoing rights will not be deemed a waiver of any other right and each right will be deemed an ongoing right that may be asserted at any time and from time to time.

Any extension, termination or amendment of the Offer will be followed, as promptly as practicable, by public announcement thereof. The Republic shall communicate such public announcement by issuing a press release in accordance with applicable law and by an announcement on the website of the Luxembourg Stock Exchange and on the Offers Website run by the Tender and Information Agent (<https://www.gbsc-usa.com/dominican/>). See “*The Offer—Communications*.”

Maximum Purchase Price; Proration

The amount of Existing Bonds accepted for purchase in the Offer is subject to the Maximum Purchase Price (as described herein). Purchases of the Existing Bonds may be prorated (as described herein).

Maximum Purchase Price

The Republic is offering to purchase for cash the Existing Bonds up to the Maximum Purchase Price, upon the terms and subject to the conditions set forth in this Offer Document. The Maximum Purchase Price will be an amount determined by the Republic in its sole discretion. In addition, the Republic reserves the right, in its sole discretion, to modify the Purchase Price for the Existing Bonds.

Proration

If the Tendered Aggregate Purchase Price would exceed the Maximum Purchase Price, then the Republic will, in its sole discretion, select the Existing Bonds to be prorated on the basis of the same or different proration factors, so that the Tendered Aggregate Purchase Price accepted by the Republic equals or does not exceed the Maximum Purchase Price.

These proration procedures are subject to the Republic's right in its sole discretion not to accept any or certain Tenders for any reason.

Existing Bonds accepted for purchase will be determined by multiplying each Holder's Tender by the proration factor, and rounding the product down to the nearest DOP50,000 principal amount. Holders submitting two or more instructions as a result of the Maximum Denomination would have each instruction considered an independent "Tender" for purposes of proration. All Existing Bonds validly tendered but not accepted as a result of proration or otherwise will be rejected and returned to Holders through the applicable clearing system. However, if the principal amount of Existing Bonds that are not accepted and are returned to a Holder as a result of proration would result in less than the Minimum Denomination being returned to such Holder, the Republic will either accept or reject all of such Holder's validly tendered Existing Bonds.

The Offer is not conditioned upon any minimum level of participation. The Republic will not be able to definitively determine whether the Offer is oversubscribed or what the effects of proration may be until after the Expiration Time has passed.

If proration of the tendered Existing Bonds is required, the Republic will announce the results of such proration as described in "*Announcement of Applicable Exchange Rate; Announcement of Results; Announcement of Accepted Tenders.*" Holders may obtain such information from the Dealer Managers and may be able to obtain such information from their brokers.

Tender Procedures

General

Tenders for Existing Bonds must be submitted through the applicable clearing system (DTC, Euroclear or Clearstream). Failure to deliver your Existing Bonds on a timely basis may result in the cancellation of your Tender.

By submitting a Tender with respect to the Existing Bonds and thereby offering to tender them pursuant to the Offer, you will be deemed to have made certain acknowledgments, representations, warranties and undertakings to the Republic, the Dealer Managers and the Tender and Information Agent as set forth under "*Holders' Representations, Warranties and Undertakings.*"

A defective tender of Existing Bonds will not entitle the Holder thereof to the Total Purchase Price unless the relevant defect is waived by the Republic. Any beneficial owner whose Existing Bonds are registered in the name of a custodian, nominee or participant of DTC and who wishes to tender its Existing Bonds should contact such custodian, nominee or participant promptly and instruct such custodian, nominee or participant to tender its Existing Bonds on such beneficial owner's behalf through DTC, Euroclear or Clearstream, as applicable.

The Tender by a Holder of Existing Bonds (and subsequent acceptance of such Tender by the Republic) pursuant to one of the procedures set forth below will constitute a binding agreement between such Holder and the Republic in accordance with the terms and subject to the conditions set forth in this Offer Document.

Each direct participant in DTC, Euroclear or Clearstream, by validly tendering the Existing Bonds, will be deemed to have given the authority to the relevant clearing system to provide details concerning such direct participant's identity to the Tender and Information Agent.

The method of delivery of Existing Bonds and all other required documents, including delivery through DTC and any acceptance of an Agent's Message transmitted through ATOP or an Electronic Acceptance Instruction transmitted through Euroclear or Clearstream, is at the election and risk of the person tendering Existing Bonds and delivery will be deemed made only when actually received by the Republic or the Tender and Information Agent, as applicable.

There will be no letter of transmittal for the Offer.

Only registered Holders of Existing Bonds are authorized to tender their Existing Bonds pursuant to the Offer. Accordingly, to properly tender Existing Bonds or cause Existing Bonds to be tendered, the following procedures must be followed.

Tenders with Respect to Existing Bonds Held in DTC

If you hold your Existing Bonds through DTC, you must arrange for a direct participant in DTC to submit your Tenders to DTC through DTC's ATOP and follow the procedure for book-entry transfer set forth below. DTC has confirmed that the Offer is eligible for ATOP. Accordingly, a DTC participant whose name appears on a security position listing as the Holder of the relevant Existing Bonds must electronically tender its Existing Bonds causing DTC to transfer the Existing Bonds in the participant's account to the Tender and Information Agent's ATOP account at DTC in accordance with DTC's ATOP procedures for such a transfer. DTC will then send an Agent's Message (as defined herein) to the Tender and Information Agent.

The term "Agent's Message" means a message, transmitted by DTC, received by the Tender and Information Agent and forming a part of a book-entry confirmation, which states that DTC has received an express acknowledgment from the tendering participant, which acknowledgment states that such participant has received and agrees to be bound by the terms of the Offer (as set forth in this Offer Document) and that the Republic may enforce such agreement against such participant. Holders who intend to tender their Existing Bonds prior to the Expiration Time should note that they must allow sufficient time for completion of the ATOP procedures during the normal business hours of DTC on such date. Tenders not received by the Tender and Information Agent prior to the Expiration Time will be disregarded and of no effect.

Although transfer of the Existing Bonds to the Tender and Information Agent's ATOP account at DTC may be effected through book-entry at DTC, an Agent's Message must be transmitted by DTC and received by the Tender and Information Agent at or prior to the Expiration Time in order to validly tender your Existing Bonds pursuant to the Offer.

Tenders must be submitted through DTC's ATOP system in accordance with the deadlines and procedures established by DTC, and an Agent's Message with respect to your Tender must be received by the Tender and Information Agent at or prior to the Expiration Time.

Tenders with Respect to Existing Bonds Held in Euroclear or Clearstream

If you hold your Existing Bonds through Euroclear or Clearstream, you must arrange for a direct participant in Euroclear or Clearstream, as the case may be, to deliver your Tenders, which includes blocking instructions (as defined below), to Euroclear or Clearstream in accordance with the procedures and deadlines specified by Euroclear or Clearstream at or prior to the Expiration Time. Only a direct participant in Euroclear or Clearstream may submit an Electronic Acceptance Instruction to Euroclear or Clearstream.

"Blocking instructions" means:

- irrevocable instructions to block any attempt to transfer your Existing Bonds on or prior to the Settlement Date;
- irrevocable instructions to debit your account on or about the Settlement Date in respect of all of your Existing Bonds, or in respect of such lesser portion of your Existing Bonds as are accepted for purchase by the Republic, upon receipt of an instruction by the Tender and Information Agent, and
- an irrevocable authorization to disclose, to the Tender and Information Agent, the identity of the participant account holder and account information,

subject in each case to the automatic withdrawal of the irrevocable instruction in the event that the Offer is terminated by the Republic and your right to withdraw your Tender prior to the Expiration Time.

Your Tender, which includes your blocking instructions, must be delivered and received by Euroclear or Clearstream in accordance with the procedures established by them and on or prior to the deadlines established by each of those clearing systems. You are responsible for informing yourself of these deadlines and for arranging the due and timely delivery of blocking instructions to Euroclear or Clearstream.

Tenders with Respect to Existing Bonds Held by Custodians

If you hold your Existing Bonds through a custodian, you may not submit a Tender directly. You should contact that custodian to submit a Tender on your behalf.

Deadlines

You are responsible for arranging the timely delivery of your Tender pursuant to one of the procedures above.

None of the Republic, the Dealer Managers or the Tender and Information Agent will be responsible for the communication of Tenders by:

- Holders of Existing Bonds to the direct participant in DTC, Euroclear or Clearstream, as applicable, through which they hold Existing Bonds; or
- Holders of Existing Bonds or the direct participant to the Tender and Information Agent, DTC, Euroclear or Clearstream.

If you hold Existing Bonds through a broker, dealer, commercial bank or financial institution, you should consult with that institution as to whether it will charge any service fees.

Priority Allocation Code

Holders tendering Existing Bonds may obtain a Priority Allocation Code by contacting either of the Dealer Managers, and should include their Priority Allocation Code in their ATOP or Electronic Acceptance Instruction.

Tendering Holders who wish to subscribe for New Notes should include their Priority Allocation Code when subscribing for New Notes in the New Notes Offering. A Priority Allocation Code is not required for a Holder to tender its Existing Bonds, but if a tendering Holder wishes to subscribe for the New Notes, such Holder should obtain and quote a Priority Allocation Code in its firm bid submitted at the time the Republic markets the New Notes.

Irrevocability; Withdrawal Rights

Your Tenders will become irrevocable upon the expiration of the Offer. However, any Tender may be withdrawn or revised prior to the Expiration Time by withdrawing the Tender in accordance with the procedures established by, and within the respective deadlines of, DTC, Euroclear or Clearstream, as the case may be. If you have requested that a custodian submit a Tender on your behalf and you would like to withdraw or revise your Tender, you should contact that custodian and request it to withdraw or revise your Tender prior to the Expiration Time. You should be aware, however, that the custodian may impose earlier deadlines for withdrawing or revising a Tender in accordance with its procedures. If the Republic does not accept all Tenders for any reason pursuant to the terms and conditions of the Offer, any Tenders not so accepted shall automatically be deemed to be withdrawn. If as a result of the proration the Republic does not accept some or all of your Existing Bonds tendered for cash, any Tenders not so accepted shall automatically be deemed to be withdrawn.

No Guaranteed Delivery

No guaranteed delivery procedures are being offered in connection with the Offer. As Holders are authorized to tender their Existing Bonds only through DTC, Euroclear or Clearstream, beneficial owners of Existing Bonds that are held in the name of a custodian must contact such entity sufficiently in advance of the Expiration Time if they wish to tender their Existing Bonds and be eligible to receive the Total Purchase Price for such Existing Bonds.

Acceptance of Tenders

The Republic will accept valid Tenders of the Existing Bonds for purchase in such amounts as the Republic shall determine pursuant to the terms and conditions of the Offer. See “—*Maximum Purchase Price; Proration.*” **Tenders that are accepted will be settled solely by the Republic on the Settlement Date, subject to the satisfaction or waiver by the Republic (in its sole discretion) of the terms and conditions of the Offer.** The Republic reserves the right, in its sole discretion, not to accept any Tenders for any reason. In addition, the Republic

reserves the right, in its sole discretion, to modify the Purchase Price for the Existing Bonds, or to terminate the Offer for any reason.

In all cases, the Republic will purchase Existing Bonds accepted for purchase pursuant to the Offer only after timely receipt by the Tender and Information Agent of (a)(i) confirmation of satisfaction of DTC's ATOP procedures set forth above under "*Tender Procedures—Tenders with Respect to Existing Bonds Held in DTC*" or (ii) timely confirmation of the submission of valid Electronic Acceptance Instructions pursuant to the procedures of Euroclear or Clearstream set forth under "*Tender Procedures—Tenders with Respect to Existing Bonds Held in Euroclear or Clearstream*" and (b) any other documents required thereby.

For purposes of the Offer, the Republic will be deemed to have accepted validly tendered and validly delivered Existing Bonds when, as and if the Republic gives oral or written notice thereof to the Tender and Information Agent. Payment for Existing Bonds accepted for purchase pursuant to the Offer will be made by the Republic depositing (or causing the deposit of) such payment with DTC, Euroclear or Clearstream, as applicable, which will act as agents for the tendering Holders for the purpose of receiving the Total Purchase Price, and transmitting such Total Purchase Price, to such Holders. Under no circumstances will any additional amount be paid by the Republic or the Tender and Information Agent by reason of any delay in making such payment.

If the Tendered Aggregate Purchase Price would exceed the Maximum Purchase Price, then the Republic will, in its sole discretion, select the Existing Bonds to be prorated on the basis of the same or different proration factors, so that the Tendered Aggregate Purchase Price accepted by the Republic equals or does not exceed the Maximum Purchase Price. See "*Maximum Purchase Price; Proration.*"

If any tendered Existing Bonds are not accepted for purchase or payment as a result of proration or because of an invalid tender or the occurrence or non-occurrence of certain other events set forth herein or otherwise, then such Existing Bonds tendered will be credited to the account maintained at the relevant clearing system from which such Existing Bonds were delivered promptly after the Expiration Time or the termination of the Offer.

No alternative, conditional or contingent tenders of Existing Bonds will be accepted. A tendering Holder, by electronically transmitting its acceptance through ATOP or an Electronic Acceptance Instruction, as applicable, waives all rights to receive notice of acceptance of such Holder's Existing Bonds for purchase.

The Republic shall not be liable for payments to any Holder of Existing Bonds validly tendered and accepted for purchase if such Holder fails to deliver such Existing Bonds on or prior to the settlement of the Offer as described herein.

The Republic reserves the right, in its sole discretion, not to accept any Tenders for any reason.

Relevant Denomination

Existing Bonds may be tendered only in the principal amount equal to the Relevant Denomination. **Holders wishing to tender Existing Bonds in excess of the Maximum Denomination (which is DOP999,950,000) should submit two or more instructions, each not exceeding the Maximum Denomination**, and the custodians for such holders are urged to contact the Tender and Information Agent by email at contact@gbsc-usa.com regarding their submissions. Holders submitting two or more instructions as a result of the Maximum Denomination would have each instruction considered an independent "Tender" for purposes of proration. See "*Maximum Purchase Price; Proration.*"

Holders who tender less than all of their Existing Bonds must continue to hold Existing Bonds in at least the Minimum Denomination of DOP8,000,000 principal amount.

Holders who submit Tenders in excess of the Maximum Denomination may have their Tenders rejected automatically in whole and not be taken into consideration in the Offer.

Settlement

Subject to the concurrent (or earlier) closing of the New Notes Offering and the other conditions set forth herein, the Republic will purchase validly tendered and accepted Existing Bonds in such amounts as previously

announced by the Republic, on the Settlement Date, which is expected to be Friday, September 15, 2023, or as soon as practicable thereafter, subject to change without notice.

Settlement of Tenders of Existing Bonds will be in U.S. dollars.

The Republic will cancel Existing Bonds purchased pursuant to the Offer promptly following the Settlement Date.

Failure to deliver Existing Bonds on a timely basis may result in the cancellation of your Tender.

Payments for Existing Bonds purchased pursuant to the Offer will be made in same day funds to the applicable clearing system. After being converted into U.S. dollars, the amount of cash a Holder will receive for its tendered Existing Bonds accepted for purchase will be rounded to the nearest US\$0.01. The determination by the Republic and/or the Dealer Managers of any calculation or quotation made with respect to the Offer shall be conclusive and binding on all Holders, absent manifest error.

Conditions to the Offer

The Republic reserves the right, in its sole discretion, not to accept any Tenders for any reason. The Offer is conditioned upon the concurrent (or earlier) closing of the New Notes Offering, including in an aggregate principal amount, with pricing and on terms and conditions acceptable to the Republic. In addition, notwithstanding any other provisions of the Offer, the Offer is conditioned upon there not having been threatened, instituted or pending any action or proceeding before any court or governmental, regulatory or administrative body that (1) makes or seeks to make illegal the purchase of Existing Bonds pursuant to such Offer; (2) would or might result in a delay in, or restrict, the ability of the Republic to purchase the Existing Bonds or issue the New Notes; or (3) imposes or seeks to impose limitations on the ability of the Republic to issue and/or price the New Notes in an aggregate principal amount, with pricing and on terms and conditions acceptable to the Republic. Each of the foregoing conditions is for the sole benefit of the Republic and may only be satisfied or waived by the Republic, in whole or in part, at any time and from time to time, in its sole discretion. Any determination by the Republic concerning the conditions set forth above (including whether or not any such condition has been satisfied or waived, except as in the case of the termination of the dealer manager agreement relating to the Offer) will be final and binding upon all parties.

Market for the Existing Bonds

The Republic will cancel the Existing Bonds it acquires in the Offer following completion of the Offer. Accordingly, this transaction will reduce the aggregate principal amount of the Existing Bonds acquired in the Offer that otherwise might trade in the market, which could adversely affect the liquidity and market value of the remaining Existing Bonds that the Republic does not acquire.

Communications

Information about the Offer will be published, to the extent provided in this Offer Document, by means of press releases to an international news service in accordance with applicable law.

Without limiting the manner in which such public announcement may be made, the Republic shall not have any obligation to publish, advertise or otherwise communicate such public announcement other than to news media in accordance with applicable law and by an announcement on the website of the Luxembourg Stock Exchange and on the Offers Website run by the Tender and Information Agent (<https://www.gbsc-usa.com/dominican/>).

Holder may obtain information about the Offer by contacting the Dealer Managers or the Tender and Information Agent at the addresses and telephone numbers listed on the inside back cover of this Offer Document.

Certain Other Matters

Each proper acceptance of Existing Bonds will constitute the binding agreement of the tendering Holder of such Existing Bonds to deliver such Existing Bonds at a clearing system as described in this Offer Document and to settle the Tender of such Existing Bonds on the Settlement Date. The acceptance of the Offer by a Holder with respect to any Existing Bonds will constitute the agreement by such Holder to deliver good and marketable title to such

Existing Bonds on the Settlement Date, free and clear of all liens, charges, claims, encumbrances, interests and restrictions of any kind.

Payment for Existing Bonds accepted for purchase pursuant to the Offer will in all cases be made only after timely receipt the Tender and Information Agent of (i) in the case of a tender through DTC, an Agent's Message, or (ii) in the case of a tender through Euroclear or Clearstream, an Electronic Acceptance Instruction. Under no circumstances will interest be paid on the Total Purchase Price as a result of any delay in making such payments.

All questions as to the validity, form and eligibility (including time of receipt), any acceptance of the Offer and any sale pursuant thereto will be determined by the Republic, in its sole discretion, which determination shall be final and binding. The Republic reserves the absolute right, in its sole discretion, to reject any and all Tenders not in proper form or for which the corresponding agreement to purchase, in its opinion, would be unlawful. The Republic also reserves the absolute right in its sole discretion to waive any defects, irregularities or conditions in acceptances and settlement with regard to any particular Existing Bonds.

None of the Republic, the Dealer Managers, the Tender and Information Agent or any other person will be under any duty to give notice to accepting or selling Holders of Existing Bonds of any defects or irregularities in acceptances or sales, nor shall any of them incur any liability for failure to give such notice.

The calculation of the Total Purchase Price, the conversion of DOP amounts into U.S. dollar amounts and any other calculation or quotation made by the Republic and/or the Dealer Managers with respect to the Offer shall be conclusive and binding on all Holders, absent manifest error. The Republic's interpretation of the terms and conditions of the Offer will be final and binding.

The Republic reserves the right at any time or from time to time, following completion or cancellation of the Offer, to purchase Existing Bonds (including, without limitation, those tendered pursuant to the Offer but not accepted), in the open market, in privately negotiated transactions, through subsequent tender offers or otherwise, in each case, on terms and subject to the conditions that may be more or less favorable to the Holders of such Existing Bonds than those contemplated by the Offer. The making of any such new offers and the issuance of any new invitation will depend on various factors, including interest rates prevailing at such time and the principal amount of Existing Bonds, if any, retired pursuant to the Offer.

TAXATION

General

A Tender of Existing Bonds pursuant to this Offer Document that is accepted by the Republic may be a taxable transaction under the laws applicable to a holder of Existing Bonds. You should consult your own tax advisors to determine the particular tax consequences that apply to you in respect of the sale of Existing Bonds.

Dominican Tax Consequences Associated with the Offer

At the date of this Offer Document, there is no Dominican income tax, withholding tax, capital gains tax, capital transfer tax, estate duty or inheritance tax payable by holders (other than holders ordinarily resident in the Republic) in respect of their investment in, or sale of, the Existing Bonds.

Under Dominican law, there are no stamp or documentary taxes, duties or similar taxes or charges payable in connection with the Offer.

U.S. Federal Income Taxation

The following is a summary of certain U.S. federal income tax consequences of the participation in the Offer by a U.S. Holder (as defined below). The discussion is based on laws, regulations, rulings and decisions now in effect, all of which are subject to change, possibly with retroactive effect. The discussion does not cover all aspects of U.S. federal income taxation that may be relevant to, or the actual tax effect that any of the matters described herein will have on the disposition of Existing Bonds by, particular investors (including consequences under the federal alternative minimum tax or the Medicare tax on net investment income), nor does it address special rules for the taxable year of inclusion of income for accrual basis taxpayers under Section 451(b) of the U.S. Internal Revenue Code of 1986, as amended (the “Code”), the effects of any U.S. federal tax laws other than U.S. federal income tax laws (such as estate and gift tax laws), or any state, local, or non-U.S. tax laws. The discussion does not address particular tax considerations that may be relevant to certain types of investors subject to special treatment under the U.S. federal income tax laws (such as dealers or traders in securities or currencies, banks or other financial institutions, insurance companies, individual retirement accounts and other tax-deferred accounts, tax-exempt organizations, entities classified as partnerships or the partners therein, persons holding Existing Bonds as a position in a “straddle,” hedging or conversion transaction, or as part of a “synthetic security” or other integrated financial transaction, U.S. citizens living abroad, persons who have ceased to be U.S. citizens or lawful permanent residents, nonresident alien individuals present in the United States for 183 days or more during the taxable year, or U.S. Holders that have a functional currency other than the U.S. dollar). This discussion assumes that you hold the Existing Bonds as “capital assets” within the meaning of Section 1221 of the Code.

As used herein, the term “U.S. Holder” means a beneficial owner of Existing Bonds that is, for U.S. federal income tax purposes, a beneficial owner of Existing Bonds that is an individual citizen or resident of the United States or a domestic corporation or otherwise subject to U.S. federal income tax on a net income basis in respect of the Existing Bonds.

THE SUMMARY OF U.S. FEDERAL INCOME TAX CONSEQUENCES SET FORTH BELOW IS FOR GENERAL INFORMATION ONLY. EACH U.S. HOLDER OF EXISTING BONDS IS URGED TO CONSULT ITS TAX ADVISORS REGARDING THE POTENTIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE SALE OF THE EXISTING BONDS IF SUCH U.S. HOLDER TENDERS EXISTING BONDS IN THE OFFER, INCLUDING THE EXTENT TO WHICH SUCH U.S. HOLDER’S INDIVIDUAL CIRCUMSTANCES MAY AFFECT THE GENERAL RESULTS OUTLINED HEREIN, AS WELL AS OTHER UNITED STATES FEDERAL TAX CONSIDERATIONS AND THE CONSEQUENCES OF THE TAX LAWS OF ANY FOREIGN, STATE OR LOCAL TAXING JURISDICTION.

Sales of Existing Bonds

Sales of Existing Bonds pursuant to the Offer generally will be taxable transactions for U.S. federal income tax purposes. Subject to the discussion of the foreign currency and market discount rules set forth below, upon the sale of an Existing Bond pursuant to the Offer, you will recognize capital gain or loss in an amount equal to the difference between the amount of cash you receive (other than amounts received attributable to accrued but unpaid interest, which will be taxed as described below) and your adjusted tax basis in the Existing Bond at the time of sale.

Your adjusted tax basis in an Existing Bond generally will equal the U.S. dollar cost for the Existing Bond (as described below), increased by the amount of any market discount that you have elected to include in income currently as it accrues (as described below) and reduced by any bond premium you have previously amortized. Your U.S. dollar cost for an Existing Bond generally will equal the U.S. dollar value of the DOP-denominated purchase price of that Existing Bond, determined at the spot rate of exchange on the date of purchase of the Existing Bond (or the settlement date of such purchase if the Existing Bond was traded on an established securities market and you are either a cash basis or an electing accrual basis holder). Any capital gain or loss that you recognize generally will be long-term capital gain or loss if you have held the Existing Bonds for more than one year on the date of the sale. Long-term capital gains of non-corporate U.S. Holders (including individuals) are eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations.

In general, if you acquired the Existing Bonds with market discount, any gain you recognize pursuant to the sale of the Existing Bonds will be treated as ordinary income to the extent of the portion of the market discount that has accrued while you held the Existing Bonds, unless you have elected to include market discount in income currently as it accrues. If you elected to include market discount in income currently, upon the receipt of an amount attributable to accrued market discount, you may recognize U.S. source exchange gain or loss (which will be taxable as ordinary income or loss) determined in the same manner as for accrued interest (described below). If you did not elect to include market discount in income currently, the accrued market discount generally is converted into U.S. dollars based on the spot rate of exchange on the date that the Existing Bonds are disposed of. Subject to a statutory *de minimis* exception, market discount is the excess (if any) of an Existing Bond's stated principal amount over your tax basis in the Existing Bond immediately after its acquisition by you.

Gain or loss recognized by a U.S. Holder pursuant to the Offer generally will be treated as U.S. source gain or loss for U.S. foreign tax credit purposes (except that any gain treated as ordinary income pursuant to the market discount rules generally should be treated as foreign source income for U.S. foreign tax credit purposes, although the matter is not free from doubt). Accrued interest income with respect to the Existing Bonds that is paid in connection with the Offer will constitute income from sources outside the United States, and for U.S. foreign tax credit purposes such income should generally constitute "passive category income." The rules governing the U.S. foreign tax credit are complex, and each U.S. Holder is urged to consult its own tax advisor regarding the application of the rules to its particular circumstances.

Any gain or loss that is attributable to fluctuations in currency exchange rates during the period in which a U.S. Holder held an Existing Bond will be ordinary income or loss. This foreign currency gain or loss will not be treated as an adjustment to interest income received on the Existing Bond. Gain or loss attributable to fluctuations in currency exchange rates generally will equal the difference, if any, between (i) the U.S. dollar value of the U.S. Holder's DOP-denominated purchase price for the Existing Bond, determined at the spot rate of exchange on the date the Existing Bond is disposed of, and (ii) the U.S. dollar value of the U.S. Holder's DOP-denominated purchase price for the Existing Bond, determined at the spot rate of exchange on the date the Existing Bond was acquired (or, in each case, determined on the settlement dates of the disposition and acquisition if the Existing Bond is traded on an established securities market and the U.S. Holder is either a cash basis or an electing accrual basis holder). Any foreign currency exchange gain or loss (including with respect to accrued interest as described below) will be recognized only to the extent of the total gain or loss realized by a U.S. Holder on the sale of the Existing Bond. Generally, such foreign currency gain or loss will be U.S. source ordinary income or loss for U.S. foreign tax credit purposes.

Amounts received by a U.S. Holder that are attributable to accrued but unpaid interest will be taxable as such. The amount of income recognized by a cash basis U.S. Holder will be the U.S. dollar value of the DOP-denominated interest payment, based on the exchange rate in effect on the date of receipt. Such a cash basis U.S. Holder may also recognize U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the difference, if any, between the amount actually received in respect of accrued but unpaid interest and the amount recognized in income as described above. An accrual basis U.S. Holder may determine the amount of income recognized with respect to an interest payment in accordance with either of two methods. Under the first method, the amount of income accrued will be based on the average exchange rate in effect during the interest accrual period (or, in the case of an accrual period that spans two taxable years of a U.S. Holder, the part of the period within the taxable year). Under the second method, the U.S. Holder may elect to determine the amount of income accrued on the basis of the exchange rate in effect on the last day of the accrual period (or, in the case of an accrual period that spans two taxable years, the exchange rate in effect on the last day of the part of the period within the taxable year). Additionally, if a payment of interest is actually received within five business days of the last day of the accrual period, an electing accrual basis U.S. Holder may instead translate the accrued interest into U.S. dollars at the exchange rate in effect on the day of

actual receipt. Any such election will apply to all debt instruments held by the U.S. Holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. Holder, and will be irrevocable without the consent of the Internal Revenue Service (“IRS”). Upon receipt of an interest payment, the accrual basis U.S. Holder may recognize U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the difference, if any, between the amount actually received in respect of accrued but unpaid interest and the amount previously accrued.

A tendering U.S. Holder of Existing Bonds that purchases New Notes pursuant to the New Notes Offering should consult its tax advisor to determine whether the sale of the Existing Bonds pursuant to the Offer and the purchase of New Notes pursuant to the New Notes Offering could be subjected to the wash sale rules (which generally limit loss recognition) and/or characterized as an exchange for U.S. federal income tax purposes. The Republic intends to take the position that the sale of Existing Bonds pursuant to the Offer is treated as a taxable sale for cash, and not as an exchange, for U.S. federal income tax purposes and this discussion assumes that this treatment is correct. If, however, the sale and purchase were treated as a taxable exchange, the amount realized on the disposition of the Existing Bonds would equal the issue price of the New Notes treated as received in exchange for the Existing Bonds, and the tax treatment to a U.S. Holder would be substantially similar to the treatment described above. A U.S. Holder that sells Existing Bonds pursuant to the Offer and purchases New Notes pursuant to the New Notes Offering should consult its tax advisor regarding the consequences of such sale and purchase.

Reportable Transactions

A U.S. Holder that participates in a “reportable transaction” will be required to disclose its participation to the IRS. The scope and application of these rules is not entirely clear. A U.S. Holder may be required to treat a foreign currency exchange loss relating to an Existing Bond as a reportable transaction if the loss equals or exceeds \$50,000 in a single taxable year if the U.S. Holder is an individual or trust, or higher amounts for other U.S. Holders. In the event the disposition of an Existing Bond constitutes participation in a “reportable transaction” for purposes of these rules, a U.S. Holder will be required to disclose the transaction to the IRS, currently on IRS Form 8886. You should consult your tax advisor regarding the application of these rules.

Information Reporting and Backup Withholding

You may be subject to information reporting and backup withholding with respect to payments made pursuant to the Offer unless: (i) you are a corporation or come within certain other exempt categories and demonstrate this fact when required, or (ii) in the case of backup withholding, you provide a correct taxpayer identification number, certify as to no loss of exemption from backup withholding and otherwise comply with applicable requirements of the backup withholding rules. Backup withholding is not an additional tax and the amount of any backup withholding will be allowed as a credit against your U.S. federal income tax liability and may entitle you to a refund, provided that the required information is furnished to the IRS in a timely manner. You should consult your tax advisor about these rules, including the procedures for establishing an exemption from backup withholding.

HOLDERS’ REPRESENTATIONS, WARRANTIES AND UNDERTAKINGS

By tendering Existing Bonds, each Holder shall be deemed to agree with, and acknowledge, represent, warrant and undertake (on behalf of itself and of any person for whom it is acting) to the Republic, the Dealer Managers and the Tender and Information Agent that, as of the time it tenders its Existing Bonds and on each of the Expiration Time and Settlement Date, as set forth below. If any Holder of such Existing Bonds or the direct participant through which a Holder tenders its Existing Bonds is unable to give these acknowledgements, agreements, representations, warranties and undertakings, such Holder or direct participant is not permitted to participate in the Offer and, if it has taken any steps to do so, should contact the Tender and Information Agent immediately.

- (1) It has received and reviewed this Offer Document and understood and accepted the terms and conditions of the Offer and distribution restrictions, all as described in this Offer Document.
- (2) It understands that the tender of Existing Bonds pursuant to any of the procedures set forth in this Offer Document will constitute its acceptance of the terms and conditions of the Offer, that only the Republic will be liable for the payment of the Total Purchase Price for Existing Bonds validly tendered and accepted subject to the terms and conditions of the Offer.
- (3) It is assuming all the risks inherent in participating in the Offer, and has undertaken all the appropriate analysis of the implications of the Offer, without reliance on the Republic, the Dealer

Managers, the Tender and Information Agent or any of their respective representatives, directors or employees.

- (4) Upon the terms and subject to the conditions of the Offer, it has submitted Tenders with respect to the principal amount of Existing Bonds, subject to and effective on the acceptance for purchase by the Republic in respect of such Existing Bonds pursuant to the Offer, it renounces all right, title and interest in and to all such Existing Bonds accepted for purchase pursuant to the Offer and waives and releases any rights or claims it may have against the Republic with respect to any such Existing Bonds or the Offer.
- (5) It has full power and authority to accept the Offer and tender, sell, assign and transfer the Existing Bonds tendered, and that, if such Existing Bonds are accepted for purchase then (i) on the Settlement Date, it will deliver good and marketable title thereto, and together with all rights attached, free and clear of all liens, charges, claims, interests, rights of third parties, encumbrances and restrictions of any kind, and such Existing Bonds will not be subject to any adverse claim or right; and (ii) it will, upon request, execute and deliver any additional documents and/or do such other things deemed by the Dealer Managers or by the Republic to be necessary or desirable to complete the sale, assignment, transfer, and/or cancelation of the Existing Bonds tendered or to evidence such power and authority.
- (6) All authority conferred or agreed to be conferred pursuant to its acknowledgements, agreements, representations, warranties, undertakings and directions, and all of its obligations shall be binding upon its successors, assigns, heirs, executors, trustees in bankruptcy and legal representatives, and shall not be affected by, and shall survive, its death or incapacity.
- (7) It understands that acceptance for purchase of Existing Bonds validly tendered by it pursuant to the Offer will constitute a binding agreement between it and the Republic, in accordance with and subject to the terms and conditions of the Offer, that only the Republic will be liable for the payment to the applicable clearing system of the Total Purchase Price for Existing Bonds validly tendered and accepted.
- (8) It understands that the Republic may, at its sole discretion, extend, re-open, amend or waive any condition of or terminate the Offer at any time, and that in the event of termination of the Offer, the relevant Existing Bonds will be returned to the Holder.
- (9) None of the Republic, the Dealer Managers, the trustee for the Existing Bonds, the Tender and Information Agent or any of their respective representatives, directors or employees, has given it any information with respect to the Offer save as expressly set forth in this Offer Document nor has any of them made any recommendation to it as to whether it should tender its Existing Bonds pursuant to the Offer, and it has made its own decision with regard to tendering its Existing Bonds pursuant to the Offer based on any legal, tax or financial advice it has deemed necessary to seek.
- (10) Other than as expressly stated in this Offer Document, no information has been provided to it by the Republic, the Dealer Managers, the Tender and Information Agent or any of their respective representatives, directors or employees, with regard to the tax consequences for Holders of Existing Bonds arising from any Existing Bonds purchased pursuant to the Offer and the receipt of any cash payment, and it acknowledges that it is solely liable for any taxes and similar or related payments imposed on it under the laws of any applicable jurisdiction as a result of its participation in the Offer or in relation to the New Notes (other than transfer taxes with respect to the purchase of any Existing Bonds) and agrees that it does not and will not have any right of recourse (whether by way of reimbursement, indemnity or otherwise) against the Republic, the Dealer Managers, the Tender and Information Agent, any of their respective directors or employees or any other person in respect of such taxes and payments.
- (11) It understands that validly tendered Existing Bonds (or defectively tendered Existing Bonds with respect to which the Republic has waived, or has caused to be waived, such defect) will be deemed to have been accepted by the Republic if, as and when the Republic gives oral or written notice thereof to the Tender and Information Agent.

- (12) It is not a person to whom it is unlawful to make an Offer pursuant to this Offer Document, it has not distributed or forwarded this Offer Document or any other documents or materials relating to the Offer to any such person, and it has complied with all laws and regulations applicable to it for the purposes of its participation in the Offer.
- (13) It shall indemnify the Republic, the Dealer Managers and the Tender and Information Agent against all and any losses, costs, claims, liabilities, expenses, charges, actions or demands which any of them may incur or which may be made against any of them as a result of any breach of any of the terms of, or any of the representations, warranties and/or undertakings given pursuant to, the Offer (including any acceptance thereof) by any such Holder.
- (14) It agrees that Accrued Interest to be paid on the Settlement Date as part of the Total Purchase Price pursuant to the Offer shall be paid on the Settlement Date and in accordance with the terms set forth in this Offer Document.
